RE: 2021 Household Hazardous Waste

First \$50 of Haz Waste is Free. Residents will pay overages

In the past the Sudbury Health Department has held an annual Household Hazardous Waste Collection Day (HHWC) for Sudbury residents. In 2020, because of COVID-19, Clean Harbors whom the Health Department has an annual contract with, suspended the scheduling of HHWC for all Municipalities in the Commonwealth.

2020 created a great need for Hazardous waste disposal with Sudbury residents. Homes for sale and the stay at home order gave residents the opportunity to clean out their homes. In response to the outpouring of requests for hazardous waste disposal, the Health Department has been looking into viable options for Hazardous waste drop-off or collections.

COVID-19 has presented limited options to this problem. At present, the Health Department has contracted with NEDT New England Disposal Technologies where Sudbury residents can drop off hazardous waste (at no cost as long as loads are reasonably sized. Large sized loads will be pro-rated and overages will be charged to the resident at the time of drop off). New England Disposal Technologies locations:

Location 1:

83 Gilmore Dr
Sutton MA

Location 2:

190 East Main St
Westfield MA

Contact information:

Phone – 866-769-1621

Email - info@nedt.org

Website - <https://www.nedt.org/>

We urge residents to contact the facility of your choice prior to traveling to confirm posted dates and times of operation, types of waste accepted and form(s) of payment (for oversized loads).

Please visit the Health Department webpage for future updates.
