Dear Ms. Newman:

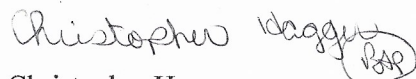

By this letter the Sudbury Historical Commission requests that the US Army Corps of Engineers formally recognize the Sudbury Historical Commission as a Consulting Party in the review of the above named undertaking under Section 106 of the National Historic Preservation Act of 1966, as amended.

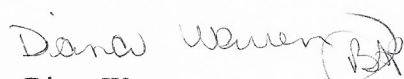

The Historical Commission is in the process of reviewing the undertaking and its impacts on the historical and archaeological resources of Sudbury. The Commission is awaiting information it has requested from Eversource in order to proceed with the Commission's Section 106 Review. The Commission intends to provide input and recommendations for inclusion in the Memorandum of Agreement after completing its review of the undertaking.

Sudbury and the Historical Commission highly values the historical and archaeological resources of our town and endeavors to do all we can to protect and preserve our heritage.

Thank you for your assistance to enable the Historical Commission to accomplish the goal of protecting the resources affected by this undertaking.

Sincerely,

Christopher Hagger
