

Rails to Trails Public Forum

The potential for the conversion of old rail corridors to active trails in Sudbury.

The Town of Sudbury Board of Selectmen will be hosting a public forum on Sudbury's rail trail projects on **Thursday, January 22, 7:00 p.m. at Town Hall**. The Board, along with Town Staff and the Town's consultant VHB, a leading engineering firm in rail trails across New England, will be in attendance to offer a brief background presentation and provide the current status of the two potential rail trails in Sudbury, the Bruce Freeman Rail Trail and the Wayside Branch of the Mass Central Rail Trail. Following the presentation the forum will allow for significant time for comments from the public.

The Forum will be televised on Sudbury TV and residents are welcome to submit questions during the event at townforum@sudbury.ma.us. *(Please be sure to put "Rail Trail Forum" in the subject line of your email, and to include your name and address for the public record.)*

All are welcome! We hope to see everyone there!
