

Sudbury Board of Health COVID -19 Public Health Advisory

At their meeting on February 8th, 2022 the Sudbury Board of Health assessed current COVID data and trending. As a result, the Board voted the following:

1. Effective immediately, Sudbury will align masking requirements to EEC Guidelines for ages 2-4 years of age;
2. Effective March 7th, 2022, transition from a masking mandate to a masking advisory for:

- **Public buildings, schools, and private childcare facilities**
- **Retail stores**
- **Retail food stores, food establishments, and bars until the customer is seated;**
- **Fitness centers/health clubs, dance studios, and all recreational facilities;**
- **Houses of worship;**
- **Personal service establishments: barber shops, hair and nail salons allowing for temporary removal during service;**

All individuals, regardless of vaccination status are advised to:

- Wear a face covering or mask that covers your nose and mouth.
- Wash your hands often with soap and water. Use hand sanitizer if soap and water aren't available.
- Get tested if you have been exposed to or have symptoms associated with COVID-19.

When possible, wear more protective masks, which are now readily available for the general public:

When you wear a mask or face covering, it should:

- Fit snugly but comfortably against the side of the face.
- Be secured with head straps, ties or ear loops.
- Allow for breathing without restriction.

Cloth face coverings should:

- Include multiple layers of fabric.
- Be able to be laundered and machine dried without damage or change to shape.

Sudbury Board of Health
Effective March 7, 2022 the Sudbury face
covering status has been modified to
an Advisory

SUDBURY
