Subject: Project Update (01/04/23) Eversource 115-kV Transmission Line

[Project Website](#)

Eversource 115-kV Transmission Project Update

Greetings!

Members of the community can expect to continue seeing construction activities related to the Eversource 115-kilovolt (kV) Underground Transmission Line Project at several locations in Hudson and Sudbury. During construction (including after hours and on weekends), Eversource asks people in the area to avoid walking along and crossing the inactive MBTA corridor. Construction is not expected to interrupt electric service.

Project Route Map

Work Hours

Approved work hours are 7 a.m. to 6 p.m., Monday to Friday but crews are working from **7 a.m. to 3:30 p.m.** Occasional work may extend beyond the approved hours, due to unforeseen conditions, based on feedback from Town staff.

Below is an overview of the active and upcoming work zones in Hudson and Sudbury.

Hudson

- **In the inactive Massachusetts Bay Transportation Authority (MBTA) rail corridor**, between Wilkins Street and Main Street, crews are removing rails and ties and grading sections of the limits of work, which includes moving soils. From Main Street to the Town line, crews are grading the limits of work. Installation of a cable vault (MH12), between Parmenter Road and White Pond Road, is scheduled to start in two weeks. Please [view the Project Map](#) for more details on the specific location of cable vaults.
- **Off Forest Avenue**, between Hudson Light & Power and the installed cable vault (MH1), crews are backfilling the trench. Active construction will NOT occur on Forest Avenue until Spring 2023.

Sudbury

- **In the inactive MBTA rail corridor in Sudbury**, crews are clearing vegetation and starting to install sediment and erosion controls between the Sudbury Substation (163 Boston Post Road) and Bridge 127. Starting next week, between the Town line and Dutton Road, crews will begin removing vegetation heading east.
- **Off Boston Post Road**, at the Eversource Sudbury Substation, G. Greene Construction will be working inside the fence line and on Eversource property.

Stay Informed

Eversource is committed to being a good neighbor and doing any work with respect for you and your property. If you have questions or concerns, please contact us using one of the methods below or respond to this message.

- Dial **1-833-836-0302**
- Email ProjectInfoMa@eversource.com
- Visit the [website](#) for this project
- View the [interactive project map](#)
- View information on [rail trail access](#) during construction
- **Field outreach representatives** will be in touch with notices updating you on construction activities.
