Eversource 115-kV Project Update

Greetings!

Members of the community can expect to see construction at several sites in Sudbury, Stow, and Hudson related to the Eversource 115-kilovolt (kV) Underground Transmission Line Project. **Eversource asks people to avoid walking on the inactive Massachusetts Bay Transportation Authority (MBTA) rail corridor.**

Work Hours

Approved work hours are 7 a.m. to 6 p.m., **Monday to Friday** but crews are working from **7 a.m. to 3:30 p.m.** in most areas. **On Forest Avenue in Hudson, between Main Street and Marlboro Road, crews are working between 9 a.m. and 2 p.m.** Work at the **Dutton Road crossing in Sudbury** may require additional hours past 6 p.m. **There will be no construction activities on Monday (9/4) of next week.** Occasional work may extend beyond the approved hours, due to unforeseen circumstances, based on approval from municipal staff.

Below is an overview of the active work zones. [View the project map](#) for additional details on the location of work crews.

Hudson

- **On Forest Avenue, between Richardson Street and Main Street**, three crews are excavating and installing duct bank from **9 a.m. to 2 p.m., when classes are in session at the Forest Avenue Elementary School**. Forest Avenue in this zone will be open to local traffic only and other vehicles are asked to follow detour signage during work hours. Eastbound traffic will be detoured up Woodrow Street to Main Street. Westbound traffic will be detoured down Main Street to Villa De Porto Boulevard and will detour left up Grove Street to get back onto Forest Ave.
- **On Wilkins Street, east of Orchard Drive**, starting next week, one crew will be excavating and installing duct bank between MH4 and MH5 in the roadway.
- **On Chestnut Street, north of Lewis Street**, crews are installing a section of duct bank between two manholes, that have been installed on either side of the Chestnut Street bridge. The crew is working to backfill sections of the area and will install precast tunnel sections soon afterward. This portion of Chestnut Street is closed until November and is only open to local access up to the MBTA crossing at Chestnut Street/Marlboro Road.

Sudbury

- **From White Pond Road to the Town Line**, one crew is installing duct bank between MH15 and MH16, south of Partridge Lane. This activity will continue for several weeks.
- **At Bridge 128 between the Town Line and Dutton Road**, crews will be working on the bridge rebuild over the next few weeks.
- **On Dutton Road**, crews are installing duct bank across the roadway, where it intersects with the MBTA corridor. Work hours in this area may extend past 6 p.m. based on approval from Town officials.
- **At Bridge 127 between Boston Post Road and Landham Road**, crews are working on pouring bridge footings and walls.

**Due to the complexities of underground construction, the two-week schedule described above is subject to change.*

Typical Construction

Pictured is a crew in Hudson working on duct bank installation on Forest Ave in front of Old North Road.

Stay Informed

Eversource is committed to being a good neighbor and doing any work with respect for you and your property. If you have questions, please contact us directly or click on one of the resources below.
