Website

## Eversource 115-kV Project Update

Greetings!

Members of the community can expect to see construction at several sites in Sudbury, Stow, and Hudson related to the Eversource 115-kilovolt (kV) Underground Transmission Line Project. **Eversource asks people to avoid walking on the inactive Massachusetts Bay Transportation Authority (MBTA) rail corridor.**

### Work Hours

Approved work hours are 7 a.m. to 6 p.m., **Monday to Friday** but crews are working from **7 a.m. to 5 p.m.** in most areas. Occasional work may extend beyond the approved hours, due to unforeseen circumstances, based on approval from local officials

Below is an overview of the active work zones. [View the project map](#) for additional details on the location of work crews.

### Hudson

- **On Forest Avenue, between Richardson Street and Main Street**, three crews are excavating and installing duct bank from **7 a.m. to 5 p.m.** From 7 a.m. to 9

a.m. Forest Ave will have west bound traffic open to Forest Avenue Elementary School. From 9 a.m. to 5 p.m. Forest Avenue in this zone will be closed and only open to local traffic and other vehicles are asked to follow detour signage during work hours. Eastbound traffic will be detoured up Woodrow Street to Main Street. Westbound traffic will be detoured down Main Street to Villa De Porto Boulevard and will detour left up Grove Street to get back onto Forest Ave.

- **On Wilkins Street, east of Orchard Drive**, one crew will be excavating and installing duct bank between MH4 and MH5 starting this week.
- **On Chestnut Street, north of Lewis Street**, crews are installing precast tunnel sections. This portion of Chestnut Street is closed until November and is only open to local access up to the MBTA crossing at Chestnut Street/Marlboro Road.

## Sudbury

- **From White Pond Road to the Town Line**, one crew is installing duct bank between MH15 and MH16, south of Partridge Lane. The crew will continue with similar activities between MH15 and MH14 starting next week.
- **At Bridge 128 between the Town Line and Dutton Road**, crews will be working on the bridge rebuild over the next few weeks.
- **On Dutton Road**, crews are installing duct bank across the roadway, where it intersects with the MBTA corridor.
- **At Bridge 127 between Boston Post Road and Landham Road**, crews are working on pouring bride abutments.
- **Between Horse Pond Road and Dutton Road**, invasive species removal is on-going and is expected to continue over the next few weeks.

*\*Due to the complexities of underground construction, the two-week schedule described above is subject to change.*
