Since 1991, BayPath's Money Management Program has provided bill-pay support to help older adults remain independent and in control of their finances.

The Money Management Program provides individualized assistance through the dedicated efforts of trained volunteers.

Volunteers can help with a variety of tasks including:

- Organizing and reviewing bills

- Balancing the check register
- Reviewing bank statements
- Establishing a budget
- Advocating with creditors and service providers

The Money Management Program is free and confidential.

Assistance is available to individuals age 60 and older as well as to persons with disabilities; certain income and asset guidelines apply.

Support is tailored to your needs and provided in the privacy of your home.

The Money Management Program helps address your specific bill-paying needs. Individuals enroll in the program for a variety of reasons. Often clients are concerned about their finances and may not have family or friends to lend a hand.

Trained volunteers are matched one-to-one with clients.

With the help of a Money Management volunteer, clients are better able to live independently with the reassurance that their household finances are in order. All volunteers are carefully screened, trained, and monitored by BayPath. Clients maintain total control over their money at all times.
