

SEWATARO

SUMMER AS IT SHOULD BE...

October 17, 2023

Town Manager Sheehan & Sudbury Select Board,

This weekend, we will host our fourth annual Fall Spectacular. The first few years, during the height of COVID, we hosted a drive through event on property. Last year, we were very excited to welcome Sudbury residents to exit their cars and join us for some fall fun! This year, we are looking forward to the same. We will have a local Scout group selling fall treats as a fundraiser for their Philmont project, local artisans, bounce houses, crafts, treats, and a petting zoo. With all of our plans in place, we are just hoping that the weather cooperates!

The accessibility upgrades to Liberty Lodge are almost complete. We are very appreciative of our partnership with the Town, and particularly Combined Facilities Director Sandra Duran, as we embark upon these important and exciting upgrades.

Finally, we are pleased to share that, just one week into our enrollment period for the summer of 2024, we had received over 1500 applications. We are also thrilled that 36 of those area scholarship applications. We are once again working with the Town Social Worker, as well as SPS, and anticipate more applications to roll in over the coming months.

With gratitude and warm fall wishes,  
The Sewataro Team
