

June 16, 2025

Town Manager Sheehan & Sudbury Select Board,

We had a wonderful evening this past Thursday, hosting our annual Spring event for Sudbury Residents. Guests played cornhole, croquet and badminton, giant Connect 4 and Jenga, slid down an inflatable slide, and enjoyed a 9-hole miniature golf course. They enjoyed a delicious picnic dinner of Juliana's pizza, and the Juniper Farms truck stopped by to sell some frozen treats. It was a fun kick off to summer, and we are grateful to all who joined us!

HOPE Sudbury hosted their Annual Fishing Derby at the pond this past weekend as well. Their inaugural Derby fundraising event took place in the summer of 2021, when COVID restrictions were still in place, and it has been incredible to watch the event grow over the years.

Beginning June 1st, we shifted to our Summer Resident access schedule. This means that the fishing pond and front fields, as well as the tennis and small basketball courts near the Greystone Lane entrance are open after 6pm Monday through Friday and on weekends. The property is closed on the following dates for Camp programming:

June 21 & 22

July 2, 10, 15 & 31

August 7 & 12

Full property access resumes September 1, 2025.

This coming weekend, our entire staff will be on property Saturday for a full day of training, and we welcome back campers and their families for an Open House on Sunday. We hope that you are all as excited about the start of summer as we are!

With gratitude,
The Sewataro Team
