

December 18, 2025

Town Manager Sheehan & Sudbury Select Board,

In addition to attending to property maintenance and enrolling campers, our year round team has been busy hiring for the Summer of 2026.

In 2025, we had 269 employees. 84 of those (over 30%) were Sudbury Residents. We have 48 contracts returned so far for the upcoming summer, and are hard at work interviewing and placing prospective staff. We attend Lincoln Sudbury Regional High School's job fair each year, and work closely with the METCO director to place students in summer jobs. As a result of these efforts, since 2021, the number of staff from Sudbury has increased by 42%.

We have also been interviewing and enrolling applicants to our Counselor in Training program. This 4-week program for rising 9th and 10th grade campers emphasizes learning, fun and safety through hands-on experiences. Our goal is to promote positive work ethic, leadership, and enthusiasm, as well as to build a community within the CIT cohort.

We believe that jobs at camp are as important for young adults as attending camp is for children. It is part of our mission to provide positive, unplugged experiences for these high school and college students, and to help train them to be positive role models and productive members of the workforce. We believe wholeheartedly that this role is an important piece of our partnership with the Town and its Residents.

With Warm Wishes for Happy Holidays,  
The Sewataro Team
